

## UP & DOWN THE ELLINGTON

### Paint By Numbers

The garage cleaning and restriping was a success. Some additional touch-ups and numbering are underway without the need to move vehicles.

### Thank You for Working with Us!

The Ellington staff and BOD would like to thank you for working with Building Facilities as we improve and maintain this first-in-class building.

### A Sudsy Mess

For improvement of overall building drainage and plumbing and less impact to residents below, please use less laundry detergent in your machines.

### The Key to the Club Room

Please stop by the front desk for a key to use the club room.

### *IN THE NEIGHBORHOOD*

#### Bell St. Park Design Review

A design review meeting is set for Wed., May 19, 7 – 9pm at PACCAR Pavilion, OSP. Share feedback on this unique four-block area of improved landscaping, lighting, open space and art work.

#### Mix It Up in May

A casual evening of drinks and appetizers with neighbors, and discussion with experts, planners and advocates for transportation choices and new urban connections, is this Thursday, May 20, 7-9pm in The Olympus. Bring a wine glass.
